Dear Conlon Exteriors,

I commend the entire Conlon Exteriors roofing crew who worked at the Windcrest roof replacement under very crowded conditions within our community. (extraordinarily little open space). They managed to keep all our areas neat and safe while working each day. They were always helpful and courteous. All garbage was immediately removed, and the grounds were immaculately cleaned. We were always informed of the schedule to help manage my own routine, use of my premises, and entry and exit to the community was NEVER impaired!!! If you want a piece of mind, I will highly recommend using Conlon Exteriors, Inc. for any of your communities' projects.

Thank you.
