

To Whom It May Concern

I am pleased to write this letter of recommendation for Conlon Exteriors. As Board President of the Homeowner's Association for The Villas at West Hills, a 68 home private community located in Melville, New York, I can attest to the quality craftsmanship and overall experience with Conlon Exteriors.

The Homeowner's Association has used Conlon Exteriors' services on a number of occasions, and has found their work to be efficient, effective and of great quality. An example of the aforementioned was a large scale roofing, siding, gutter and skylight replacement project which commenced in early 2011 and completed in February of 2012. Although the project was large and complex, we established the scope of the work required, a time frame and budget. Jim Conlon and his crew completed the work on time, and within budget, and we are delighted with the results.

I have no hesitation in recommending the services of Conlon Exteriors, and the Association will certainly be calling on them again as the need arises. Please feel free to contact me regarding this recommendation if required.

Adam Greene
